Introduction

Fill In Crosswords are a variation of traditional crosswords. Instead of clues, the solver is presented with an empty grid and the words to fill in that grid.

The object is to place the words in the grid so that a valid crossword puzzle is formed. If a puzzle has only a few long words, it is best to try and place these first. Cross off words that have been entered into the grid.

All of the puzzles in this book are American style grids, 15 x 15 in size, and have varying difficulty.
